

Amway® people roll up their sleeves.

When they come to your home, they pick it up and show you how to use their products so you get the most for your money. No wasted purchases with Amway... they let you try their products before you buy.

Amway distributors know a bit about their products, and how they make the care of your car, your lawn, and the people in it easier. Amway distributors don't mind taking the time to roll up their sleeves and show you shortcuts to better care that will save you time and money.

Who are those people who will work as hard to please you? Men and women from your town... maybe even neighbors of yours... who are building a business of their own in the true American Way. There is a family business.

They know their future depends on your satisfaction with Amway, and they'll work hard to earn it.

What about Amway products? There are almost a thousand of them. They're tough when they have to be tough... gentle when they should be gentle. They clean, polish, protect, wash, and beautify. Six washing detergents, six glass cleaners... they're full enough to do what they are supposed to do, quickly and economically. And you never feel cheated, or your purchase price is refunded in full... right away!

Don't look for Amway products to alone. They're available only from your local Amway distributor, who delivers them right to your door. Welcome them into your home... for a new experience with service and quality merchandise.
