

**Amway, I Love You.**

You'll love Amway products too, like S-A-8 Laundry Compound. You'll be amazed when your distributor shows you how much dirt, gray soap film it can remove from that clean wash you just did with your present washday product! ... the dirt makes the clothes look old and not so nice.

You'll like Amway people too. They're warm, friendly. They're men and women from your town who are handling a business of their own, often working together as a husband-wife team. They deliver to your door, show you how to use their products, and let you try them before you buy! They bring you expert knowledge of how to solve your household cleaning problems... how to keep your things looking like new. They let you do your shopping at home

... no traffic jams, no parking or baby-sitter worries. And what about Amway products? There are about a hundred of them, to help you take care of your home and the people in it more easily. They're the kind of top quality, great value, and family insurance. They're things when they need to be, to keep your home clean, but they're gentle with people. And you must be satisfied, so your purchase price in full is cheerfully returned.

Don't look for Amway products in stores... they're available only from your neighborhood independent Amway distributor. Welcome them into your home, for a new experience with service and quality merchandise. And you'll probably fall in love with Amway too!
